

A Crown for the King

Step 1: Select a piece of construction paper and draw a crown shape such as a zig-zag across the middle of the page.

Step 2: Carefully cut along the line that you drew. One piece will be the front of the crown and the other piece will be the back of the crown.

Step 3: Choose one of the bible names for Jesus from the list and use crayons or stickers to write the name on the front of your crown. Color and/or use stickers to decorate your crown.

Step 4: With help from someone else, tape the front piece to the back piece so that it fits your head.
